**Think your office is
OSHA compliant and
following accepted
risk management
procedures?**

Simply having a recent training session or up-to-date OSHA manual is no guarantee your office won't be hit with:

- Crippling fines
- Patient or staff injuries
- Worst of all, damage to the practice and reputation you've worked so hard to help build

Linda Harvey, RDH, MS, LHRM
Horizon Consulting Group, Inc.

Jacksonville, Florida 32238-0238

**In just 15 minutes, you can take concrete action
that makes it easy to avoid all that — for free!**

During Licensed Healthcare Risk Manager Linda Harvey's free 15-minute mini-audit, key questions will uncover areas where your office is vulnerable. We also offer all the resources you need:

- One-on-one safety coordinator coaching and assistance
- Mock OSHA inspections
- In-depth review of your OSHA manuals and safety plan
- Staff training with CEUs provided to meet annual requirements
- Complimentary follow-up throughout the year
- More — visit the web site and see!

There's a special web page where you can schedule your free mini-audit, or just learn more about our services.

Visit www.lindaharvey.net/OSHAconsult
or call (904) 573-2232

***You have to take risks every day.
Now take 15 minutes and minimize them.***
