

Re-elect

Doug Wiles

State Representative, District 20

Serving Clay, Flagler & St. Johns Counties

Friends,

It's been a pleasure to serve our community for the past six years in the Florida Legislature. I have taken our shared values to Tallahassee and fought to place the concerns of hard working families before political or special interests, including:

- Investing in public education to reduce class sizes, especially for the youngest students, and increasing teacher salaries to be more competitive in attracting talented teachers to Florida
- Affordable and available health care, especially for seniors and children
- Giving small businesses, for whom most Floridians work, the same opportunities to grow and provide their employees with the salaries and benefits big businesses enjoy

I look forward to continuing to represent you and appreciate your vote Nov. 5.
